# TIME TO GET THE ANSWER!

## TYPE PRODUCT

Q: How many items of each product type were sold?

## DAIRY PRODUCT

Q: What dairy products are available?

A bingo card titled "BINGO" with columns labeled "item", "type", "MRP", and "outlet". The rows contain the following data:

id	item	type	MRP	outlet
2	FDW14	dairy	87.32	tier 2
5	FDY38	dairy	234.23	tier 3

## LET THE ANALYZE THE PRODUCT!

BigMart tends to sell more snacks, fruits and vegetables, and baking ingredients compared to daily necessities. The dairy products sold include FDW14 and FDY38.

# TIME TO GET THE ANSWER!

A bingo card with the word "BINGO" at the top. The columns are labeled "tipe" (type), "rata2harga" (average price), and "outlet". The rows contain the following data:

tipe	rata2harga
snack foods	119.543333
dairy	160.775000
others	241.740000
fruits and vegetables	106.963333
baking goods	106.016667
health and hygiene	240.420000

## MRP AVERAGE OF OUTLET

Q: What is the average MRP (Maximum Retail Price) in each outlet?

## MRP AVERAGE OF PRODUCT TYPE

Q: What is the average MRP (Maximum Retail Price) of each product type?

A bingo card with the word "BINGO" at the top. The columns are labeled "outlet" and "rata2harga" (average price). The rows contain the following data:

outlet	rata2harga
tier 1	155.143333
tier 2	121.453333
tier 3	151.782500

## LET THE ANALYZE THE PRODUCT!

The average price of each product type is shown in the table, where health and hygiene products tend to have the highest MRP compared to other products. The average MRP is also shown for each outlet.
